

YOUR RAIN

The background of the image is a deep blue sky filled with soft, white, and grey clouds. A bright light source, likely the sun, is positioned in the lower-left quadrant, creating a prominent lens flare that streaks diagonally upwards and to the right across the center of the frame.

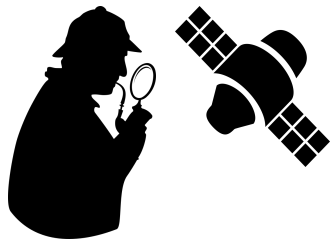

Know it,
own it,
use it!

The problem

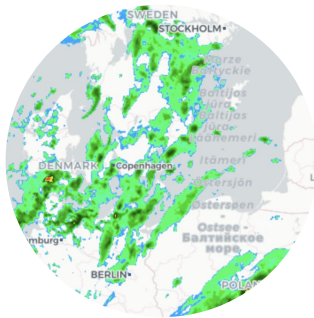

- **10 countries** already use cloud seeding routinely without knowing the climatic **consequences**
- State-of-the-art forecasts do not consider the effects of cloud seeding, and long-term effects are **unknown**.

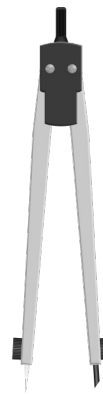

Our solution

On-the-ground
intelligence
& **satellite** information

Incorporated into
state-of-the-art
seasonal **forecasts**

Tailored solutions and
impact assessment
for implementation

Opportunities

Improve harvest
country-wide

Improve **well-being** of
your constituents

Identify **threats** from
other countries'
geoengineering early

We are better than our competitors
